This guide explains how you can join our team on FlipGive and how friends and family can also shop to contribute to your family's fundraising goal.

## HOW TO GET STARTED

### 1. Find our team

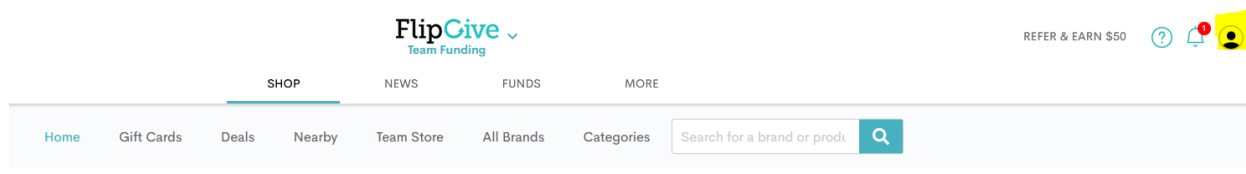

- You can find the link to join this year's FlipGive team at [www.pommedapi.org/fundraisers](http://www.pommedapi.org/fundraisers) (pommedapi.org > Families > Fundraisers)

### 2. Join the team

- Sign up for an account (or log in if you already have one) to join our team.
- Choose which "player" to support. If your child isn't listed, you will need to add a new player. **Please use your child's first name and last initial (or a parent/guardian name) as the player name.** This will allow the fundraising director to track what each family has raised.
- For your role on the team, you can select "Parent/Guardian or Player."
- FlipGive will then have you choose a few favourite brands and estimate your spending. This part isn't important, so take it as seriously as you want to.

### 3. Adjust personal settings

- You can find your personal settings by clicking the "My Account" icon in the top right corner (highlighted in image below). Then choose "Update my profile."

- Select the privacy settings you are comfortable with. If you prefer, you can choose to have just a first name and last initial displayed, and you can also choose not to share the places you are shopping.
- You can also choose to not receive promotional and team update emails.

Additionally, you can download FlipGive's browser tool, [FlipGive Max](#), to earn without having to remember to go back to your page every time.
